**STATEWIDE CURRENT SITUATION:** On March 16, Governor Abbott [announced](#) that the Federal Emergency Management Agency (FEMA) approved the state’s request for Fire Management Assistance Grants for the Rest Area Fire in Gray County and the Crabapple Fire in Gillespie County.

On March 13, Governor Abbott [announced](#) that he directed TDEM to activate additional state emergency response resources in anticipation of extremely critical wildfire danger expected across West Texas and ongoing elevated-to-critical fire weather conditions across most of the state into the weekend.

On March 7, Governor Abbott [announced](#) that he directed TDEM to request officials from the U.S. Small Business Administration (SBA) join state and local partners to conduct joint preliminary damage assessments in South Texas communities impacted by recent wildfires. These assessments will aid in determining whether Texas meets the threshold for additional federal disaster assistance.

On March 5, Governor Abbott [announced](#) that the Federal Emergency Management Agency (FEMA) approved the state’s request for Fire Management Assistance Grants for the Welder Fire in San Patricio County and the Duke Fire in Bexar County.

On March 4, Governor Abbott [directed](#) the Texas Division of Emergency Management (TDEM) to elevate the readiness level of the Texas State Emergency Operations Center (SOC) to Level II (Escalated Response Conditions) as the state braced for extremely critical wildfire conditions and severe weather threats. The Governor also added 33

counties to the state's wildfire disaster declaration, which now totals 236 counties impacted by increased fire weather conditions.

## RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

**Mass Care:** TDEM partners are adapting to the evolving conditions and are ensuring community needs are met while prioritizing safety. Local agencies continue to support feeding and assess recovery efforts as it transitions to community resources to meet the needs of residents.

**Texas A&M AgriLife Extension Service (AgriLife):** SOC Liaisons maintain daily communication with ESF 11 partners for situational awareness and needs assessment. Disaster Assessment and Recovery (DAR) specialists and County Extension

Deployment Team members are on standby to support any ESF 11 efforts associated with animal response or other fire weather response efforts as requested.

On March 15, DAR Leadership met to discuss agricultural needs resulting from the Crabapple Fire in Gillespie County. The Gillespie County Extension Agent was contacted to assess the need for agricultural assistance.

As of March 16, SOC Liaisons continue to remotely monitor fire weather conditions for ESF 11. Slide sets are being distributed to the State, Regional, and District Extension Administration to maintain situational awareness and prepare personnel for weather events. A State of Texas Assistance Request (STAR) was submitted to AgriLife and approved for the DAR Specialist in Disaster District 18 to assist with agricultural donation management at the Crabapple Fire in Gillespie County. The DAR Specialist met with TDEM and Gillespie County officials to assess agricultural needs.

**Texas A&M Forest Service (TAMFS):** TAMFS has firefighting resources positioned in all TDEM Regions. Air tankers, attack helicopter aircraft, single engine air tankers (SEAT), heavy equipment and engines are positioned throughout the state. TAMFS has activated the Emergency Operations Center (EOC) in College Station. Texas Intrastate Fire Mutual Aid System (TIFMAS) strike teams are in Alice, Amarillo, Beeville, Brownwood, Burkburnett, Childress, Kerrville, Lubbock, McGregor, Merkel, Ozona, San Angelo, Silverton, Uvalde, and Waco.

For information about active and recently contained wildfires, visit the Texas A&M Forest Service Incident Viewer: <https://public.tfswildfires.com/>. For information about the Current Wildfire Situation, visit <https://tfsweb.tamu.edu/CurrentSituation>.

**Texas Military Department (TMD):** TMD is providing direct support to TAMFS with aerial fire suppression capability in response to critical fire weather. TMD has staged two Medium Mission Ready Packages (MRP) with two UH-60 helicopters in San Antonio and two in Austin, and one Heavy MRP with two CH-47 Chinook helicopters in Grand Prairie. A SOC Support Team has been assigned to Austin. TMD has activated 34 personnel and six aircraft in support of this incident. As of March 16, TMD Rotary Wing aircraft have flown a total of 52.9 hours and dropped a total of 106,880 gallons of water.

**Texas Parks and Wildlife Department (TPWD):** TPWD has the following Statewide resources available to support: one LNO at the SOC, one helicopter in Austin, All-Terrain Vehicles, State Game Wardens, and State Park Police Officers. TPWD Aviation responded to the Onion Creek Wildfire in Hays County and successfully made 18 water bucket drops (2,070 gallons of water).

**Texas Department of Information Resources (DIR):** DIR is continuing to monitor the situation using cybersecurity tooling and threat intelligence feeds. No cyber threats related to this weather event have been identified. No requests for network or technology have been made.

**Texas Department of Transportation (TxDOT):**

As of March 15, no roads/highways were closed due to fire weather conditions and evacuations in two separate counties. TxDOT started sharing Extreme Wildfire messaging on Dynamic Message Signs (DMS) road signage and on social media. The wildfires, high winds, and brown-out conditions in the Panhandle, Caprock, and Plains yesterday contributed to several multi-vehicle crashes and overturned high-profile vehicles that resulted in the shutdown of several roads and highways. TxDOT crews assisted the law enforcement (LE) with road closures, evacuations, traffic control, and debris cleanup. Crews will begin conducting road inspections looking for signs of structural or roadway damage. TxDOT urges motorists to slow down and drive w/caution. Check DriveTexas.org for the most current road conditions.

TxDOT continues to staff the SOC and are closely monitoring fire and storm threats across the state. Crews statewide stand ready to respond and assist.

**Texas Department of State Health Services (DSHS):** DSHS is currently monitoring the situation and ready to deploy resources and respond as the incident requires. DSHS has two LNOs assigned to the SOC.

**Texas Emergency Medical Task Force (EMTF):** EMTF has recorded 3,029 encounters, with seven treated, and none transported. Multiple teams with WLFS packages were deployed or prepositioned across Texas to support wildfire response efforts. Teams responded to active fires, including the Rest Area Fire (Gray County), Saddle Fire (Bandera County), Crabapple Fire (Gillespie County), and Windmill Fire (Roberts County). Other teams were prepositioned in Alice, Brownwood, Lubbock, and Merkel to enhance wildfire response readiness. SCO and MIST are operating from the TAMFS EOC in College Station. The Area MEDL transitioned from the Rest Area Fire to the Crabapple Fire, while the SCO remains at the SOC in Austin.

**American Red Cross (ARC):** Volunteers have completed damage assessments in Sinton and have identified over 100 affected homes. North Texas teams assessed damage to over 119 homes and have provided disaster emergency supplies.

**The Salvation Army (TSA):** TSA of Beeville supported first responders and those affected by the Welder Complex fires by providing food, snacks, and water. The Beeville Service Unit is supporting those affected by the Welder Fires in Sinton by providing meals in coordination with the local Baptist Church.
