

**Texas Division of Emergency Management
State Situation Report**

New Information is in Blue Text

Event Name	26-0019 12JUL Severe Weather
Date	July 30, 2026
Time	10:00 AM
Operational Period	8:00 AM July 29, 2026, to 8:00 AM July 30, 2026
Report Number	18

TDEM Regions Affected	1, 5, 6, 7, & 8
Disaster Districts Activated	1, 2, 7, & 20

STATEWIDE CURRENT SITUATION: The Texas State Emergency Operations Center remains activated at Level II (Escalated Response) to support local flood response operations as flood threats continue across South Texas and recovery efforts remain ongoing across Southwest and South-Central Texas. Personnel continue to coordinate requests from local officials for the appropriate phase of the disaster. Recovery staff continue to engage on clean up assistance, and personnel are connecting affected Texans with available resources. Staff across the state continue to encourage impacted individuals to report damage online at damage.tdem.texas.gov.

On July 24, Gov. Abbott visited Cotulla to assess flood damage and provided an update on the state's response to the recent severe flooding. During the visit, he credited local officials, first responders, volunteers, and residents for their swift actions, saying their efforts helped save lives. Additionally, Texas requested the addition of 30 counties to its Major Disaster Declaration request for FEMA Individual Assistance.

On July 22, Governor Greg Abbott announced that the Texas Health and Human Services Commission (HHSC) received federal approval to extend the time Supplemental Nutrition Assistance Program (SNAP) recipients can apply for replacement benefits for food lost or destroyed by recent flooding.

On July 20, Gov. Abbott surveyed flood-damaged communities by helicopter then

provided an update during a press conference in Kerrville on Texas' ongoing response to severe floods that impacted large parts of the state last week.

On July 17, Gov. Abbott requested a Presidential Disaster Declaration to support Texas' ongoing response and recovery efforts following severe weather and flooding impacting communities across the state. Gov. Abbott also visited Uvalde County to receive updates on flood conditions, survey damage, and meet with state and local officials coordinating the local response. This was followed by the Governor holding a press conference in the City of Uvalde.

On July 16, Gov. Abbott held a severe weather briefing and press conference at the State Operations Center in Austin to provide an update on the state's ongoing response to flooding across Texas. Response efforts continue while coordinating with local partners to provide assistance where it is needed most.

On July 14, Gov. Abbott issued a disaster declaration for 59 Texas counties as severe storms continue to threaten the state. Additional counties may be added as conditions warrant. The Governor also directed the Texas State Emergency Operations Center (SOC) to continue 24-hour operations at Level II (Escalated Response) to support the state's ongoing response to severe storms and flash flooding.

On July 12, Gov. Abbott directed the Texas Division of Emergency Management (TDEM) to activate state emergency response resources ahead of severe weather and flash flooding threats expected to impact multiple regions of Texas over the next several days.

Visit [DriveTexas.org](https://www.drivetexas.org) for real-time road conditions, find comprehensive severe weather information at [TexasReady.gov](https://www.texasready.gov), locate flood information online at [TexasFlood.org](https://www.texasflood.org), and access all-hazards preparedness tips at tdem.texas.gov/prepare.

OPERATIONAL PRIORITIES:

- Protect life and property.
- Support rapid & effective response.
- Collect and disseminate accurate incident information to improve decision-making.
- Accurately track incident costs associated with assigned resources for cost recovery.

Region 1 (Includes Disaster District (DD) 1, 2, and 7)

As of July 28, Region 1 had one staff member deployed to assist with severe weather and had a total of 14 members deployed to support the State of Texas and TDEM Regions 5, 6, 7, and 8.

DD 1 – Amarillo (Includes Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson,

Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler Counties): DDEOC 1 remains activated to Level III (Increased Readiness Conditions) for severe weather.

DD 2 – Lubbock (Includes Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn, Motley, Terry, and Yoakum Counties): DDEOC 2 remains activated to Level III (Increased Readiness Conditions) for severe weather.

[DDEOC 2 is monitoring the weather for heat-related advisories and warnings to ensure district safety.](#)

DD 7 – Abilene (Includes Brown, Callahan, Coleman, Comanche, Eastland, Fisher, Haskell, Jones, Kent, Knox, Mitchell, Nolan, Runnels, Scurry, Shackelford, Stephens, Stonewall, Throckmorton, and Taylor Counties): DDEOC 7 remains activated to Level III (Increased Readiness Conditions) for severe weather. [DDEOC 7 is monitoring the weather for heat-related advisories and warnings to ensure district safety.](#)

Region 5 (Includes DDs 19-21)

Region 5 continues recovery and response operations. State and mutual aid resources remain deployed to support affected counties. As of [July 29](#), per WGRFC, the Nueces River is forecasted for Major Flooding impacting Live Oak County and Jurisdictions along or near the Nueces River.

[As of July 29, per Water Data of Texas, Corpus Christi Lake is 32.6% full.](#)

TDEM field staff met with local officials across the counties to emphasize the importance of coordinated communication, information flow, and messaging.

Situational awareness has also been established with the U.S. Coast Guard in Corpus Christi.

[As of July 29](#), TDEM personnel continue to assist local partners with messaging coordination, tracking local resources and costs, and advanced planning for potential needs related to damage assessments, debris management, and recovery operations.

[On July 29](#), TDEM staff and All Hazards Incident Management Team (AHIMT) personnel are planning for flood operations, including land, water, and aerial resources, and preparing and [posturing to support local jurisdictions with requested needs.](#)

[As of July 29](#), a shelter managed by the American Red Cross (ARC) opened at the following location: George West Junior High School Gymnasium and is being reported by ISTF personnel.

[As of July 29](#), an overflow standby shelter is identified at Three Rivers ISD High School Gym with a capacity of 105. Service Animals are permitted.

[As of July 29](#), County Road 436 in the Simmons Community area is closed.

Additional TDEM personnel are rostered to assist impacted counties in continuing to support local jurisdictions with response and disaster recovery.

ISTF continues to provide EOC support to Live Oak County. Additionally, ISTF continues assisting the County EMC with public messaging coordination, local resource and cost tracking, and advanced planning for damage assessments, debris management, and recovery operations.

DDEOC 20 continues to coordinate with local, state, and federal personnel to identify potential needs. [Additionally, TDEM has coordinated aerial assets to support the Live Oak County Judge and Local Officials to observe conditions.](#)

DD 20 – Corpus Christi (Includes Aransas, Bee, Brooks, Duval, Jim Wells, Kenedy, Kleberg, Live Oak, Nueces, Refugio, and San Patricio Counties): DDEOC 20 remains activated to Level III (Increased Readiness Conditions) as of July 19. DDEOC 20 operates from 0700-1900 daily.

Region 6 (Includes DDs 17, 18, and 24):

[The Regional Emergency Operations Center \(REOC\) 6 returned to Level IV \(Normal Conditions\) on July 29.](#) Region 6 continues recovery and response operations along with coordinated efforts with the TDEM HQ Recovery Section. [Overall, personnel remain focused on supporting survivors, strengthening local recovery partnerships, and preparing communities for the next phase of recovery.](#)

The Individual State of Texas Assistance Tool (iSTAT) assessments have been completed for the following counties within Region 6: Bandera, [Comal](#), Dimmit, Gillespie, Kendall, Kerr, Kinney, Real, [Val Verde](#), and Zavala. [Assessments are ongoing in La Salle, Maverick and McMullen Counties.](#)

The Public State of Texas Assistance Tool (pSTAT) has been completed for Bandera, [Bexar](#), Dimmit, Gillespie, Kendall, [Kerr](#), Kinney, Real, [Uvalde](#), and Val Verde Counties. [Assessments are ongoing for Comal, La Salle, Maverick, and McMullen Counties.](#)

DD 18 – San Antonio (Includes Atascosa, Bandera, Bexar, Comal, Frio, Gillespie, Guadalupe, Karnes, Kendall, Kerr, McMullen, Medina, and Wilson Counties): [DDEOC 18 returned to Level IV \(Normal Conditions\) on July 29.](#) Damage assessments are ongoing for homes, businesses, public facilities, and infrastructure. Response efforts are transitioning to recovery operations.

Bexar County: [As of July 29, Bexar County EOC is at Level IV \(Normal Operations\). Bexar County officials plan to have all damage assessments done this week. The recovery team at Fair Oaks Ranch is conducting Damage Assessments and will meet with the City of San Antonio for follow up on Damage Assessments. All roadways are now open within Bexar County. Any community needs are being met by the local jurisdiction.](#)

Gillespie County: [Gillespie County remains at Level III \(Increased Readiness\) for in-person operations. Gillespie EOC staff met with the County Commissioners and Precinct Foremen for a discussion about ongoing debris removal actions and documentation requirements for possible reimbursement. Gillespie County has submitted an extension for their 26-0019 Severe Weather local disaster declaration.](#)

One Disaster Finance Specialist continues supporting recovery operations in Gillespie County. Disaster finance support remains ongoing to assist local officials with cost documentation and reimbursement efforts.

Kendall County: Kendall County has returned to Level IV (Normal Operations). The county continues to focus on cleanup and recovery management activities following recent flood impacts. Local debris management operations remain ongoing, including dumpster pickup services for residents as recovery efforts progress.

Kerr County: Kerr County remains at Level III (Increased Readiness). Discussions regarding local debris management continue. Kerr Together and ISTF personnel are still assessing community needs and communicating with the local officials.

Three ISTF personnel continue supporting recovery operations in Kerr County. The county's Debris Management Plan remains under development, while two TDEM Recovery personnel assisted with pSTAT documentation. County officials continue planning for the recovery of vehicles from rivers and creeks while working to identify vehicle owners. Excavation operations below Nimitz Dam resumed July 29, and drone flights are scheduled July 30 to assist with assessments of approximately nine dams.

ISTF personnel continue supporting daily operations at the DAC, where 48 survivors were served July 29. Staff continue connecting survivors with available resources while helping establish realistic expectations for the recovery timeline. Leadership also discussed preparing county partners for ISTF demobilization and ensuring local officials are prepared to independently sustain recovery operations.

DD 24 – Del Rio (Includes Dimmit, Edwards, La Salle, Kinney, Maverick, Real, Uvalde, Val Verde, and Zavala Counties): **DDEOC 24 returned to Level IV (Normal Operations) on July 29.** DD 24 remains focused on recovery, damage assessments, resource coordination, and support to impacted local jurisdictions.

Dimmit County: Dimmit County EOC is currently at Level IV (Normal Operations). The Ivy Water plant is at 50% operational capacity. PWRT teams have demobilized, and personnel were relocated to La Salle Co.

Kinney County: As of July 29, recovery activities for both individuals and public jurisdictions are ongoing. Kinney County continues to assess damages while encouraging individuals to submit damage reports. The county conducted a meeting with the Texas Department of Agriculture (TDA) to provide information to the public regarding the State of Texas Agriculture Relief (STAR) fund. The Kinney County Library continues to serve as the central location for the public to receive assistance with submitting iSTAT information.

La Salle County: As of July 29, La Salle County EOC moved to Level III (Increased Readiness). The Disaster Assistance Center (DAC) continues to operate at 915 Huddleston St., Cotulla, TX 78014 / Tues, Wed, Friday / 8:00 am – 8:00 pm. The following organizations continue to assist with the DAC: American Red Cross, Camino Real, Incident Support Task Force (ISTF), HEB, La Salle County, and the City of Cotulla. The TDEM HQ Recovery team met with the La Salle County Treasurer to

inquire about insurance policy related to pSTAT submissions.

Seven ISTF personnel continue supporting recovery operations in La Salle County. The DAC served 13 residents on July 29, and due to declining activity, operating hours may be reduced moving forward.

Recovery planning continues muck-out operations are expected to begin on August 3. The Commissioners Court discussions focused on development of the Long-Term Recovery Group, selection of a fiduciary, and debris management planning.

Maverick County: Maverick County maintains a Level IV (Normal Operations) status. A meeting was held with Maverick County and the City of Eagle Pass residents to discuss recovery efforts, the status of pSTAT, and overall recovery process including submitting documentation and drop box procedures. July 30, the county is continuing with wastewater works and the assessment of manholes that might have sustained damage due to the flooding.

Real County: Real County has returned to a Level IV status (Normal Operations). Camp Wood Crossing roadway is still inaccessible. pSTAT activities are ongoing. County officials continue to monitor flood impacts with a temporary road having been constructed across a private ranch. The County Judge has extended the Disaster Declaration. The City of Camp Wood has also submitted Disaster Declaration and its extension. The County Judge stated that there are 3 roads that are affecting residents due to the road closures and crews are on site and working the roads to get the residents access to their needs. One boat squad remains in the Concan area to assist with emergency responses.

Uvalde County: Uvalde County EOC returned to Level IV (Normal Operations). FM 481 remains closed. ISTF teams continue to support the city and county as they work on debris management plans. Public messaging efforts remain ongoing related to long term recovery plans and debris management plans to keep residents informed. Damage assessments will continue as previously inaccessible areas become more accessible.

Eight ISTF personnel continue supporting operations in Uvalde County. The Volunteer Reception Center (VRC) has officially closed, while the DAC remains operational Monday through Friday from 8:00 AM to 5:00 PM and Saturdays from 8:00 AM to 3:00 PM. 19 survivors visited the DAC July 29. Local officials are exploring relocating the DAC to a more permanent facility, potentially on a local college campus, to better support long-term recovery efforts, with the expectation that a Disaster Recovery Center (DRC) may eventually open.

Long-term recovery efforts continue to advance, with the local Resiliency Center expected to serve as the umbrella organization for recovery activities. Discussions focused on establishing a community call center, expanding disaster case management, increasing public awareness of available resources, and improving the collection of constituent concerns. A meeting is scheduled July 31 to discuss disaster case management training.

Zavala County: Zavala County EOC returned to Level IV (Normal Operations). FM1433

remains closed to traffic due to flood waters. On July 30, there will be a meeting with the County EMC, County Judge, and other officials to provide updates at the Zavala County Courthouse. Discussions are ongoing regarding the DRC location and next steps in the recovery process.

Six ISTF personnel continue supporting recovery operations in Zavala County. DACs remain operational in both Batesville and Crystal City, serving 17 and 4 households on July 29. Partner organizations providing assistance include Camino Real Community Services, Texas Legal Aid, Southern Baptist Disaster Relief, and South Texas Family Planning & Health Corporation. Southern Baptist Disaster Relief also continues conducting muck-out assessments.

Debris management coordination continues, although approvals from the Texas Historical Commission remain delayed. Local leadership noted these approvals are typically completed within 24 hours and encouraged additional follow-up.

Region 7 (Includes DDs 8, 9, and 10)

DD 10 – San Angelo (Includes Coke, Concho, Crockett, Irion, Kimble, Mason, McCulloch, Menard, Reagan, Schleicher, Sterling, Sutton, and Tom Green Counties): **DDEOC 10 returned to Level IV (Normal Conditions) on July 29.**

As of July 28, all known pSTAT and iSTAT assessments have been completed and entered into the STAT tool. Recovery staff continue to communicate with affected jurisdictions and have begun the Request for Information (RFI) process.

Long Term Recovery coordination will continue until all needs are met.

Region 8 (Includes DDs 11, 12, 13, and 23)

DD 13 – Bryan (Includes Brazos, Burleson, Grimes, Leon, Madison, Robertson, and Washington Counties)

Grimes County: Recovery Operations continue in Grimes County. The pSTAT has been completed in the county with estimated damage costs and supporting documentation for state assistance accompanying the assessments.

As of July 27, Region 8 personnel have been deployed to impacted TDEM Regions for assistance.

RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Division of Emergency Management, Texas A&M University System (TDEM):

The State Operations Center (SOC) has activated to Level II (Escalated Response) in support of this severe weather incident. The SOC is directing interagency coordination

to maintain unified communication, deploy necessary resources, and support response operations in affected regions across Texas.

Communications Coordination Group (CCG):

TDEM ESF 2 / Communications Coordination Group (CCG) partners are monitoring the situation and continue to prepare resources to respond as necessary.

On July 28, DPS and the CCG coordinated additional radios to deploy to Live Oak County in the event of flooding from the Nueces River. TAMFS provided one Communication Platform, one Communications Technician (COMT), and one VHF Repeater to Live Oak.

ESF-5 Incident Support Task Force (ISTF):

The Incident Support Task Force continues to monitor statewide situations to support regional needs. An availability poll was sent out to collect member availability, and ISTF members from around the state were deployed to the counties affected by the severe July weather. ISTF regional staff were rostered to manage membership strike teams.

[As of July 29](#) - Availability:

- Membership Deployed: **30**
- Available to Deploy: **13**

Assignments:

- EOC Support
- Survivor Assistance
- Damage Assessments
- Disaster Finance
- GIS Support
- Volunteer Management
- Community Recovery
- [Donations Management](#)

ISTF Field Support:

- Regional Coordinators: 2
- Demobilized
 - Membership: **17**
 - Regional Coordinators: 4

ESF-6 Mass Care ISTF:

TDEM Mass Care ISTF continues to monitor for the potential of mass care activities. There have been no requests for mass care coordination; however, partner agencies remain on standby and are prepared to provide support to Texas Communities.

[As of July 29](#) - Coordination of Mass Care Resources:

ARC Sheltering:

- Open: 1
 - [George West Jr High School with a potential capacity of 117.](#)
- Standby: 1
 - [Three Rivers ISD High School Gym with a potential capacity of 105.](#)
- Population: 0 Midnight Count
- Pets: 0

Feeding Standby: Feeding teams remain available and evaluating future flooding needs.

- Southern Baptist Texas Convention
- Salvation Army

Community Disaster Support

- LaSalle County: Disaster Assistance Center (DAC) Cotulla: 916 Huddleson Martinez Pool Complex
- Uvalde
 - Disaster Assistance Center (DAC): CHDI Hamley Lane Community Center 115 North Ham Lane
- Zavala
 - Disaster Assistance Center (DAC) & Volunteer Reception Center (VRC): Batesville: ISD, 245 FM 117, Batesville
 - Disaster Assistance Center (DAC): Crystal City: ISD, 1210 Seventh Ave
- Kerr: Disaster Assistance Center (DAC) & Volunteer Reception Center (VRC): 98 Coronado Drive
- Crockett: Disaster Assistance Center (DAC): Ozona 100 Medical Dr.

Texas A&M University Veterinary Medicine & Biomedical Sciences (TAMU-CVM):

As of July 18, the Texas A&M Veterinary Emergency Team (TAMU VET) Type 3 Veterinary Medical Support team repositioned from Kerrville to Raymondville High School. TAMU VET has 12 vet members and support equipment supporting search and

rescue canines in the field. Canine teams are on standby for flooding issues as waters continue down the river basin, while most work is water rescue and not canine search. The team has answered two queries from different handlers about their canines-no requests for TAMU VET services.

Texas A&M Engineering Extension Service Texas Task Force 1 (TEEX/TX-TF1):

As of July 28, resources continued their missions within areas of flooding concerns. The WS Fort Worth rescued two people in Uvalde County.

Total contacts among Task Force resources include 52 rescues, 135 human/pet evacuations, and 17 shelter-in-place.

Texas A&M Engineering Extension Service – Public Works Team (TX-PWRT):

As of July 29

- Texas A&M Engineering Extension Service (TEEX) / Texas A&M Public Works Response Team (TX-PWRT) continues to support and coordinate operations from the SOC. PWRT will continue to work with state partners to assess any water/wastewater, utility, or other public works needs.
- TX-PWRT continues to support bypass pumping operations with one team of five in Cotulla. One member was demobilized from Kerrville this morning.

Texas A&M Forest Service (TAMFS):

As of July 29, TAMFS and TIFMAS have one TIFMAS Strike Team (ST) in Live Oak County.

Texas A&M AgriLife Extension Service (AgriLife):

AgriLife has the Disaster Assessment and Recovery (DAR) unit monitoring the weather situation from the flooding in South and Southwest Texas. Weather information has been pushed out, and contact has been made with officials in affected counties.

County Extension Agents (CEA) and DAR Specialists are actively monitoring the weather situation and communicating with clientele to move livestock out of low-lying areas and to provide guidance on how to report AgSTAT damages.

As of July 29, there were 159 entries from the State of Texas Assessment Tool portal from landowners with agricultural damages to fencing, crops, livestock, and equipment, and 59 of those are requesting assistance from the AgriLife Extension Service. County Extension Agents in those affected counties will be notified to contact the requesting landowners to provide relief assistance.

On July 29, the DAR Kennel/Pet Support Trailer is in use in Live Oak County to provide

companion animal support and animal sheltering. Agents are monitoring flooding conditions in Live Oak and Nueces Counties.

Texas Alcoholic Beverage Commission (TABC):

TABC has Enforcement Agents prepared to respond to areas affected by severe weather conditions. TABC has one liaison at the SOC and 35 Agents available.

Texas Commission on Environmental Quality (TCEQ):

TCEQ has placed emergency management staff and emergency response hazmat contractors on heightened readiness for possible deployment to assist with any air/water/waste related issues including drinking water/wastewater issues and/or emergency response activities.

As of July 29, TCEQ is tracking zero drinking water systems on a boil water notice (BWN). TCEQ will track any additional BWN as they are identified. TCEQ has approved 4 temporary debris management sites.

Texas Department of State Health Services (DSHS) (Texas Emergency Medical Task Force):

On July 26, DSHS State Medical Operations Center (SMOC) is at Increased Readiness and is actively monitoring and supporting severe weather operations. DSHS will continue active SOC LNO coverage beginning July 14. EMTF resources continued 911 system support, SOC and Regional EOC support, and force protection for search and rescue operations.

As of July 29, six sanitarians from the Food and Drug programs have completed the onsite visits for 30 food establishment firms impacted by the severe weather and flooding in Dimmit, Kerr, Kinney, La Salle, and Uvalde Counties.

Texas Health and Human Services Commission (HHSC):

HHSC began staffing the SOC in support of emergency weather response operations on July 14. HHSC has activated its ice, water, and freight contracts to provide incident support.

Texas Parks and Wildlife Department (TPWD):

Texas Game Wardens have identified statewide resources that are ready to support response operations as needed due to the increased severe weather threat affecting Texas. These resources include swift water rescue boat teams, helicopters with hoist capabilities, and UAS teams.

As of July 29, TPWD Game Wardens Search and Rescue (SAR) Boat Teams are

[monitoring the flooding condition of the Nueces River.](#)

TPWD has assisted in 154 rescue operations, 92 evacuations, and 27 shelter-in-place orders for this response.

Texas Military Department (TMD):

As of July 29, [75](#) personnel, 31 vehicles, and two rotary wing aircraft remain activated.

TMD has assisted with 19 rescue operations and [62](#) evacuation operations totaling 305 persons assisted and 25 pets.

Texas Cyber Command (TXCC):

As of July 29, TXCC is monitoring the weather situation and is ready to support the state's response efforts. TXCC is using cybersecurity tooling and threat intelligence feeds. There are no cyber threats related to this event.

Texas Department of Agriculture (TDA):

As of July 29, TDA maintains the Hay and Feed Hotline, a service for donating or requesting hay and other livestock feed resources, at (877) 429-1998. TDA also offers the AgriStress Helpline, offering confidential, professional mental health support to anyone seeking assistance at any time, at (833) 897-2474.

Volunteer Organizations Active in Disasters (VOAD)

American Red Cross (ARC):

The ARC is conducting Accelerated Outreach at three DAC locations to connect disaster with survivors, identify unmet needs, provide recovery information, and assist with registration for potential Immediate financial assistance through in-person support and outreach teams.

Beginning Monday (27Jul - 15Aug), the ARC will begin Focused Outreach, conducting targeted follow-up with identified impacted households that have not responded to digital outreach efforts. Casework teams will support registration and connect survivors with available resources and determine eligibility for potential financial assistance. Additional assistance may be available for households facing the greatest barriers, resources permitting.

The ARC has established a Level 2 Disaster Relief Operation (DR 546-27) for this response.

[As of July 29, ARC has one open shelter: George West Jr High School with a potential capacity of 117; with one shelter on standby in Live Oak County. Both shelters](#)

accommodate service animals only. The ARC has coordinated with local restaurants to arrange shelter feeding, along with culturally appropriate food boxes.

The ARC Representative in Kerr and Uvalde Counties continues to attend community coordination meetings and has engaged seven new community partners.

The Salvation Army:

In response to the major storm impacting Central and South Texas, The Salvation Army is supporting shelter feeding as requested across the area and evaluating conditions to begin service in affected areas as requested.

As of July 27, The Salvation Army has distributed a total of 18,705 meals, 18,326 drinks, and 12,245 snacks across Uvalde, Zavala and Kerr Counties.

On July 26, feeding operations in Uvalde and Zavala counties concluded. The Salvation Army Kerrville unit is evaluating needs for continued food service as conditions change.

Texans On Mission (TXM):

As of July 27, TXM continues to assess homeowner requests for flood recovery assistance. To date, totals include: 1,734 meals, 148 assessments, 105 hours heavy equipment usage, 213 laundry loads, 332 showers, and 7,167 volunteer hours.

Southern Baptist Texas Convention (SBTC) Disaster Relief:

SBTC Disaster relief has responded to the flooding occurring in Southwest Texas. As of July 29, in Uvalde County, SBTC has prepared and served 15,429 meals, 665 emotional and spiritual care contacts, provided 200 showers, completed 88 loads of laundry, and served 3,340 volunteer hours. In Dimmit County, SBTC has provided 26 emotional and spiritual contacts, and served 170 volunteer hours. In Sutton County, SBTC has provided 75 showers, completed 93 loads of laundry, made 9 emotional and spiritual care contacts, and served 200 volunteer hours.

FINAL COMMENTS: The State Operations Center (SOC) is at Level II (Escalated Response Conditions). The Texas Division of Emergency Management (TDEM) continues to monitor the situation and will provide additional situation reports as needed.

The four levels of SOC activation are:

- Level I (Emergency Conditions)
- Level II (Escalated Response Conditions)
- Level III (Increased Readiness Conditions)
- Level IV (Normal Conditions)

This Situation Report can be found on the TDEM webpage at:
