Hazardous Weather

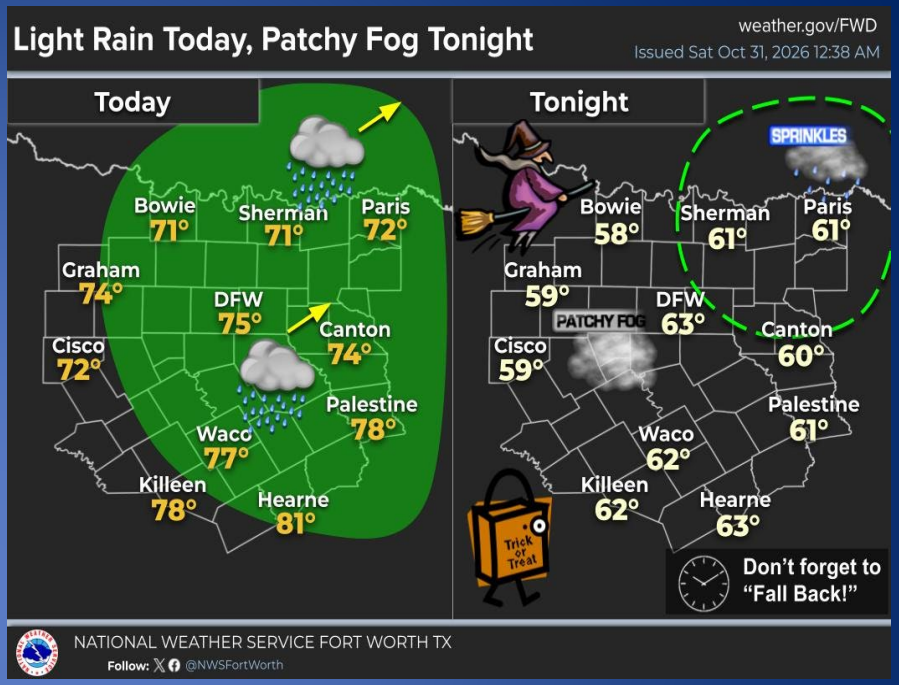
There will be low chance for fog to develop Saturday morning as the rain moves out of the Panhandles. If fog does develop, it would more likely happen after 12 AM Saturday and it may last through the morning.



Light rain today will gradually exit to the northeast this afternoon and evening, leaving decent weather in place for evening Halloween festivities. Otherwise, patchy fog may reduce visibility at times overnight into Sunday morning. Don't forget to set clocks back an hour before going to bed!
